Plan to register for the pre-symposium tour of the Olympic Training Center in Chula Vista. The OTC rests on a 150-acre complex adjacent to Lower Otay Lake in San Diego County. The center has sport venues and support facilities for the following Olympic sports: archery, canoe/kayak, cycling (including BMX supercross), field hockey, rowing, soccer, softball, and track and field.

Transportation is arranged to leave the Hyatt Regency at 11:00am on Thurs. to arrive at the OTC for lunch, followed by a visit to the Copley Visitor Center, complete with a theater and an Olympic Spirit Store, featuring an extensive line of official USOC and Olympic merchandise and memorabilia. We will proceed to observe athletes in training from an elevated visitor promenade. There will be an opportunity to observe athletes in training, tour the sports performance services center, and experience a day at the OTC! The cost of the tour ($40) will cover transportation and lunch at the OTC. The tour will be limited to the first 40 people that register for it, so don't delay, register today!

**EARNING CEUs:**

CONTINUING EDUCATION UNITS

Actual CEUs will be awarded based on each individual doctor's proof of attendance submitted to the ACBSP™ for credit. State relicensure credits have been submitted to all 50 states for 20 hours (Fri. through Sun.). An additional 8.5 hours have been submitted for the Principles Workshop on Thurs. California DCs: Relicensure credits submitted include 4 technique hours and 5 x-ray hours. Submittal does not assure approval.

CEUs for Certified Strength and Conditioning Specialists (CSCS) have been applied for with the National Strength & Conditioning Association (NSCA). The ACBSP is recognized by the Board of Certification, Inc., to offer continuing education for Certified Athletic Trainers.

♦ For more information, contact Jenny Schnell, ACBSP™ National Office, (712) 362-8860 or by email: acbsp@myclearwave.net

**CCSP/DACBSP EXAM DEVELOPMENT WORKSHOPS**

The ACBSP™ is in need of individuals who are interested in helping with the development of the CCSP and DACBSP examinations. Individuals who volunteer to help will review previously written questions, set item difficulty values for the items, as well as write new items for the examinations. Individuals who participate in these workshops must have their CCSP or DACBSP certification and be in good standing with the ACBSP, but no other special training or certification is required. Interested individuals should submit their name and a brief resume along with their Symposium registration form. ACBSP continuing education credits are offered, along with a 50% discount on the Symposium registration fee. DACBSP participants are asked to commit to an 8-hour workshop on Thurs. and CCSP participants are asked to commit to a 4 hour workshop on Fri. All discussions will be confidential and participants must adhere to standards of confidentiality with all information discussed. All individuals who have their CCSP or DACBSP certification are encouraged to sign up.

**CHIROPRACTIC PUBLICATIONS WORKSHOP**

**HOW TO GET YOUR PAPER PUBLISHED**

This interactive, hands-on workshop will provide mentoring and essential information for chiropractic sports practitioners who are interested in publishing a paper in a peer-reviewed journal. Drs. Green and Johnson will share their cumulative 20 years of publishing experience as editors, authors, and peer reviewers to assist both novice and experienced authors get their papers published. Attendees are encouraged to bring their unfinished papers and/or topic ideas for hands-on guidance in a purposeful workshop setting. Please mark on registration form if you plan to attend this workshop.
